

Medintech: 84982 Creek Fog, Medintone: H5333 Stream Blue

Medintone™ | Medintech®

Homogeneous Sheet

# Proven Performance for Healthy Environments

---

Medintone™ and Medintech® collections are engineered for spaces demanding superior infection control, helping to protect the health and well-being of occupants in healing and learning environments.

The durability and cleanability of Medintone and Medintech work in harmony with a color palette inspired by nature. From calming blues and greens, to soothing neutrals and golden tones inspired by a sunset, Medintone and Medintech offer boundless opportunities for design that encourages comfort, happiness, and healing.

Medintech: 84980 Granite Snow, Medintone: H5332 Willow Green, H5334 Evening Red

**Medintech®** offers a calming color palette in reimagined neutrals. To add visual interest, its uniform construction features contrasting chip colors for depth and movement.

# Building Better

---

We share your commitment to transparency and building a better environment together.

- Low VOC emissions and FloorScore® certified
- Free of Ortho-phthalates and heavy metals – meets Well Building Standard® Toxic Material Reduction Credit requirements
- Recyclable through the On&On® Recycling Program – contributes to LEED® credits; reduces both environmental impacts through landfill diversion and the cost of waste disposal
- Health Product Declaration (HPD) and third-party certified Environmental Product Declaration (EPD) available

**Medintone™** features a complete spectrum of soft tonal neutrals and bright pops of color, perfect for orienting visitors and creating engaging learning environments.

# Diamond 10<sup>®</sup> Technology with Enhanced Traction

---

Diamond 10 Technology is a patented innovation that uses cultured diamonds to provide the ultimate scratch, stain, and scuff resistance. It's a no-polish, easy-to-clean solution that is designed to look beautiful for years to come, despite daily maintenance and rigorous disinfection protocols.

- Provides enhanced traction for an added measure of safety where it matters most – achieves R10 Rating per standard DIN 51130
- Protects against scratches, stains, and scuffs for floors that look newer, longer
- Offers ease of maintenance – no polishing, stripping, or restorative maintenance required

1. Diamond 10® Technology with Enhanced Traction
2. Through Pattern Wear Layer

**10 Year  
Commercial  
Limited Warranty**

Supported by a 10 Year Commercial Warranty. Add 10 years of overall warranty coverage by using Strong System™ subfloor preparation products. Visit [armstrongflooring.com](http://armstrongflooring.com) for more information.

## Product Information

**Construction** - Homogeneous Sheet

**International Specifications** - ASTM F1913

**Overall Thickness** - 0.080 in. (2.0 mm)

**Wear Layer Thickness** - 0.080 in. (2.0 mm)

**Size** - Up to 98.4 ft (30 m) 6 ft. 7 in. (2.0 m)

**Factory Finish** - Diamond 10® Technology with Enhanced Traction

**Installation** - Full Spread Adhesive: S-995, Flash Cove Adhesive: S-580,

Seams: Heat Weld or S-761 Seam Adhesive

**Maintenance Options** - Polish, No Polish - Spray Buff, No Polish - No Buff

Shade may vary from sample.
